## Training Opportunities

The European Union Programmes Agency constantly updates its end users about training opportunities (held abroad or locally) that those living in Malta can apply for.

This event represents an important opportunity where all representatives of the projects meet EUPA staff who will be guiding them throughout the different stages of the project life cycle. During this event, beneficiaries shall also have the possibility of discussing preliminary general points of information about the initial stages of implementation with an aim to secure good project management practice.

We highly encourage you to apply for the below training opportunities:

[www.erasmus-entrepreneurs.eu](http://www.erasmus-entrepreneurs.eu)

Erasmus for Young Entrepreneurs is a cross-border exchange programme which gives new or aspiring entrepreneurs the chance to learn from experienced entrepreneurs running small businesses in other Participating Countries.

The exchange of experience takes place during a stay with the experienced entrepreneur, which helps the new entrepreneur acquire

the skills needed to run a small firm.  
The host benefits from fresh perspectives on his/her business and gets the opportunities to cooperate with foreign partners or learn about new markets.

The stay is partially funded by the European Union.  
Whether you are a new or highly experienced entrepreneur, the programme can offer strong added value to your business: possible benefits include exchange of knowledge and experience, networking opportunities across Europe, new commercial relations or markets abroad.
