These programmes are funded with the support of the Erasmus+ Programme of the European Commission

Erasmus for Young
Entrepreneurs
www.erasmus-entrepreneurs.eu

Erasmus for Young Entrepreneurs is a cross-border exchange programme which gives new or aspiring entrepreneurs the chance to learn from experienced entrepreneurs running small businesses in other Participating Countries.

The exchange of experience takes place during a stay with the experienced entrepreneur, which helps the new entrepreneur acquire the skills needed to run a small firm. The host benefits from fresh perspectives on his/her business and gets the opportunities to cooperate with foreign partners or learn about new markets.

The stay is partially funded by the European Union. Whether you are a new or highly experienced entrepreneur, the programme can offer strong added value to your business: possible benefits include exchange of knowledge and experience, networking opportunities across Europe, new commercial relations or markets abroad.
